

Genuine naturist visitors, and prospective members, are always very welcome.

We are very happy for those who wish to try naturism for the first time to come along and give it a try without any commitment to join; we recognise that not all visitors will want to become members, rather they just want to experience and enjoy the true and genuine naturist environment they will find here. To become a member a person must first visit the club; we do not accept applications from persons we have not met or know nothing about. Only those who have demonstrated they are naturists can become members; there are no non-naturist memberships.

We are not a commercial club making money out of naturism. We are a collection of individuals who run the club for our mutual benefit in our pursuit of naturism. The club has no employees. This means we rely on volunteers giving up their valuable time to receive enquiry phone calls and to help admit visitors. We ask that all visitors help reciprocate by following our guidelines and procedures below.

Like all naturist clubs affiliated to British Naturism we have a Safeguarding Policy for Child Protection and we require, for screening, the names of all prospective visitors. This is why we insist on advance bookings and why we do not admit casual callers at our gates. Also:

1. Photographic evidence of identity is required; no photo ID means no admission. Proof of being aged 18 or over will also be required from visitors lucky enough to look like they've just left school!
2. Persons under the age of 18 will only be admitted when accompanied by parents or guardians. For child protection purposes, documentary proof of the relationship will be required.

We have a few other rules:

3. No visit will be agreed until we are certain a member of our visitor team will be available to admit the visitor. Once they have arrived, those visitors staying overnight will be given the means to come and go as they wish without a member of our team being present.
4. All day visitors must leave the club grounds by 18.00 – 6pm.
5. For Health and Safety reasons no one may use the swimming pool, jacuzzi or sauna unless there is another person present and using the facility at the same time. We do not guarantee there will be others present.
6. Visitors are invited and admitted for their enjoyment of our naturist environment and are very welcome to join us in our activities and events, but we reiterate we are not a commercial site and consequently we do not guarantee there will be any entertainment.
7. Unlike many clubs we welcome dogs. Dogs remain the responsibility of the person or persons introducing them into the club's grounds. This includes being legally liable for any damage or injury the dog might cause. For these reasons, visitors bringing dogs are strongly recommended to have personal legal liability insurance covering their ownership of the dog(s). (Many household policies provide this cover so it's worth checking yours. Alternatively, try www.dogstrust.org.uk). All dogs must be well behaved and kept on a lead at all times within the club grounds, and owners MUST clear up after them.

Once your visit has been agreed, you will be asked for an estimated time of arrival (ETA) and it is incumbent on you on the day of your visit to notify our volunteer, in advance, any delay or cancellation; this is nothing more than a simple common courtesy.

Once an appointment has been made you will be given a mobile phone number which is dedicated exclusively to the admission of visitors. Visitors are asked to phone this number when they arrive at the first of our two access gates; our member on duty will then meet you at the second gate. It is vitally important you make this telephone call, so:

Please – make sure you have this number with you!

Please – make sure your phone battery is charged!

Please – make sure you have credit on your phone!

No phone call may mean no admission; there are no bells, buzzers, door knockers, people or anything else at the gates to let you in unless you phone the dedicated number; if you don't phone, we won't know you are there. No use sounding a car horn – the club house is half a mile away at the other end of the grounds from the entry gates.

If you follow these guidelines you will find we are a very friendly, easy going, bunch and we look forward to meeting you.

And finally.....

We wish to re-emphasise that naturism at YSS is about social nudity in a non-sexual environment.

Sadly, some people simply cannot accept that there is nothing sexual in naturism; they believe it is a code word for a swingers' club and/or similar activities. Every year we get enquiries from people with a sexual agenda. We usually weed most out but occasionally the odd one manages to make a visit despite our screening. When this happens, they are immediately ejected from our grounds once their true agenda has been discovered.

If that is what you are looking for please do us all a favour and stay away. Go somewhere else. What consenting adults do behind their own front doors is their business, but our club and grounds are not behind anyone's front doors and overt sexual behaviour will not be tolerated here; this is not a swingers' club, we don't have orgies, and we don't want you.
